
EXPECTED AUGUST 2027 (AN ESTIMATE, NOT A GUARANTEE)

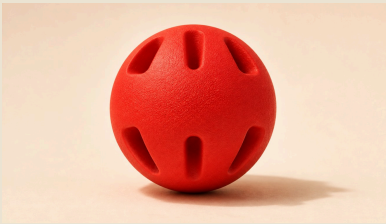
A SIMPLE BEACH GAME YOUR GUESTS COULD RENT RIGHT ON THE SAND

We'd place a Duneshot rental stand at your beachside business and look after the equipment, or you could buy sets at a discount and run rentals yourself. With a hosted stand, your part is the space and a contact person.

THE IDEA FOR 2027

Once sets ship, expected August 2027 (an estimate, not a guarantee), we plan to offer Duneshot to beachside businesses nationwide, as hosted rental stands or as sets a venue buys. Each hosted stand would hold Duneshot sets and instruction cards. Guests would book and pay online, collect a set at the stand and return it after play.

Duneshot is prelaunch; sets are expected August 2027 (an estimate, not a guarantee).



Concept artwork. Final ball design and set contents may differ; samples are being sourced.

THE GAME

Dig two holes about 25 feet apart. Roll or toss a ball toward the far hole. The instruction cards at the stand cover the rest, and players fill the holes in when they're done.

WHO WOULD DO WHAT

DUNESHOT

- Places the stand, sets and instruction cards
- Owns, maintains and replaces the equipment
- Runs bookings, payment and guest terms on duneshot.com
- Answers guest questions

YOUR VENUE

- Provides space for the stand
- Names one contact person
- Can move or remove the stand at any time, for any reason

GUESTS

- Book and pay on duneshot.com
- Accept Duneshot's guest terms, including a waiver and responsibility for damage
- Collect a set, play, fill the holes and return the set

HOW A GUEST RENTAL WOULD WORK PLANNED

Not live yet. This rental flow would go live on duneshot.com before any stand is placed.

1.

Book online

The guest selects a location, day and time on duneshot.com, accepts the guest terms and pays.

2.

Confirm and collect

A booking confirmation follows, and the guest collects a set from the stand.

3.

Play and fill

Two holes, about 25 feet apart. When the game is over, players fill them in.

4.

Return

The set goes back to the stand. Questions go to Duneshot, not your staff.

TWO WAYS TO WORK TOGETHER

OPTION A

HOSTED STAND

As proposed here, we would place and own the stand and run guest rentals through duneshot.com, and you would provide the space and a contact. Hosted rental income sharing would be agreed separately in writing before launch; no specific split is promised. The hosted stand terms below apply.

OPTION B

YOUR OWN SETS

Your venue can buy Duneshot sets at a discount and handle its own rentals. Quantities, discount, pricing and timing are agreed separately, and the hosted stand terms don't apply.

BEACH FESTIVALS AND EVENTS

We also plan to offer Duneshot at beach festivals and events. An event runs for a limited time, so any event arrangement would need its own written terms and permissions before anything is placed.

HOSTED STAND TERMS

The terms we offer a host venue, in plain language.

YOUR CALL, ALWAYS	You can move or remove the stand at any time, for any reason. The equipment stays ours; let us know so we can coordinate safe collection.
OUR EQUIPMENT	We own and maintain the stand, sets and instruction cards.
DAMAGE AND LOSS	We replace worn, lost or damaged sets. Your venue is not billed for guest damage.
GUEST TERMS	Guests accept our guest terms, including a waiver and responsibility for damage, when they book. Guest damage is handled between us and the guest under those terms. Proposed guest policy: a parent or guardian books for minors.
RENTAL INCOME	Hosted rental income sharing would be agreed separately in writing before launch. No specific split is promised.
QUESTIONS AND CARE	Guest questions and equipment care come to us, not your staff.

NEXT STEP

A short call or a walkthrough of your space or event site. Before anything is placed, the details are set out in writing, the site is confirmed suitable, and any site, beach, concession or event permission is confirmed. No placement date is guaranteed.

This is a proposal, not a lease, signed permission or event agreement.
